

PRINCIPLE UNIFORMS

POLO SHIRT SIZE GUIDE

Top tips from customers who have previously bought Polo Shirts.

- *“I always buy a bigger size in the Polo Shirts, they are always better a little bit bigger because not only do they wear them under their jumpers but also I can tuck it into their trousers.”*
- *“I usually buy more Polo Shirts than the jumpers and cardigans. They fit really good”.*
- *“I change the polo shirts every day, they are lovely material, every time I wash them they look just like they were when I bought them. Tried and tested with Principle Uniforms”.*

What do we suggests.

We have a size chart below and as you can see from the illustration below (arrow) this is the place you should be measuring your child to get the best size. The Polo Shirts are designed specifically taking into consideration that children will get them dirty and that they need to be regularly washed. We do agree with customers who recommend going a size up, however this is at the discretion of the customer.

SIZE – IN YEARS
CHEST FIT - INCHES
COLLAR SIZE (CM'S)

3-4	5-6	7-8	9-10	11-12	13	S	M	L	XL
20-22	22-23	23-25	25-27	28-30	31-32	32-34	34-36	38-40	42-44
51-56	56-58	58-63	63-68	71-76	79-81	81-86	86-91	96-102	107-112
