

PRINCIPLE UNIFORMS

V-NECK KNITWEAR SIZE GUIDE

Top tips from customers who have previously bought V-Neck Jumpers.

- *“The jumpers are really good quality and usually are a more snug fit than how uniform items usually are, that is why I always go for the next size up.”*
- *“I like my child to be dressed smart and don’t mind buying again, the size on the label is usually the best size for my boy”.*
- *“I have found the jumpers to be really good quality, this is my second time buying them, as previously I bought from another shop and they used to bobble after only a few washes”.*

What do we suggest.

We have a size chart below and as you can see from the illustration below (arrow) this is the place you should be measuring your child to get the best size. We do agree with customers who recommend going a size up, however this is at the discretion of the customer.

CHEST FIT - INCHES	30	32	34	36	38	40	42	44	46	48
CHEST FIT (CM'S)	76	81	86	91	96	101	106	111	116	121
