YOUTH SLIM-FIT TROUSER SIZE GUIDE

Top tips from customers who have previously bought Youth Boys Slim-Fit Trousers.

- *“If you measure up correctly from the right places then most of the time I have got my online trouser shopping right. I always make sure the waist is right, as children need to sit at school, I don’t want the buttons popping after the school lunch.”*
- *“Slim Fit trouser are the only ones my young lad buys anything else he wont wear. I have noticed if my lad has not had a growth spurt, then I definitely anticipate this when buying his new trousers. These have been really good, look smart, wash and wear really well.”*
- *“The different waist sizes and lengths means I can always get the right fit. These trousers are much better quality than supermarkets and when on offer they really are a bargain.”*

What do we suggest.

We have a size chart below and as you can see from the illustration below (arrow) this is the place you should be measuring your child to get the best size. Always measure the waist correctly and then add at least an inch if you feel your child can do with the extra room, this is so that your child can move around comfortably in them at school. Then measure the inside leg from as top as possible as per the (arrow) below and then up to where they normally let their trousers hang. We recommend to put the school shoes on and then decide how long the inside leg should be. Trousers are totally at the discretion of the customer.

WAIST SIZE (INCHES)

WAIST SIZE (CM'S)

INSIDE LEG (INCHES)

INSIDE LEG (CM'S)

24 (R)	61	29	74
25 (R)	64	29	74
26 (R)	66	29	74
27 (R)	69	29	74
28 (R)	71	29	74
29 (R)	74	29	74
